**BACKGROUND:**

This matter has been placed on Council’s agenda at their request as an on-going item of discussion regarding the Town’s use of CARES Act funding to be allocated to the Town. To date, \$13,713 has been expensed or encumbered for the Town’s CARES Act related materials or services.

Staff is aware that Governor Northam has released the second half of CARES Act funding allocation to localities; the Town will receive another \$140,000 from Orange County once they receive their allocation from the Commonwealth and another allocation agreement is signed.

Staff has contacted the Community Investment Collaborative in Charlottesville and the Orange County Department of Social Services to research options for creating a business mini-grant program, as well as a utility payment relief program, for town residents and businesses. More information will be provided for Council’s consideration once it has been developed.
