

Cultivating a Brighter Future for the City of Haverhill

Haverhill's Brightside, Inc.

March 16, 2012

President Michitson and Councilors,

Haverhill's Brightside, Inc. is putting on its 3rd annual Haverhill Goes Green (HGG): A Community Experience (HGG 2012), which is an annual community event that is led by Haverhill's Brightside, Inc. with the assistance of support from various community groups and sponsors, including, the Massachusetts Cultural Council, Team Haverhill, and Cultural Treasures. The 3rd annual Haverhill Goes Green (HGG): A Community Experience 2012 will be held on Sunday, April 29th, 2012 from 11am to 5pm at GAR Park, Welcome Street, and the Citizen's Center. The event proceeds provide funds to Haverhill's Brightside, Inc. a 501(c)(3) non-profit organization that supports various local community projects. This event is being organized by Haverhill Brightside and the festivals in the prior years have been great successes, drawing more people each year. We anticipate exceeding the prior year's numbers.

Vendors will be located within GAR Park, and the food vendors will be located on Welcome Street with a picnic area, a larger children's area will be located between the confines of GAR Park, the enclosed Welcome Street, and the Citizen's Center; and the Green Business Idea Contestants will be setup inside of the Citizen's Center.

Permission has been obtained from Human Services Director, Vinny Ouellette, to utilize the Citizen's Center and Gar Park.

We wish to make the following requests from the Council:

- 1) Permission to close down Welcome Street from the intersections of Winter Street and Pecker Street;
- 2) Permission to hang up banners on the parking garage locations and South Main street location (Rt. 125) for a two week period of Sunday, April 15 to April 29, 2012;
- 3) Waiver of bond requirements pertaining to the banner as Brightside is a part of the city and the event is a service for the community and the city; and
- 4) Permission to place signs throughout the City.

Sincerely,

Heather Budrewicz
Haverhill Goes Green Coordinator
Haverhill's Brightside, Inc.
