

CONSTRUCTION NOTICE

2022 Street Construction: **Directly Impacted Property Owners**

Work Details

Road construction of the following roads beginning as early as April 2022.

<p>Walnut Ct. W Columbia St to Ash St</p>	Work will include street reconstruction, concrete work, and ensuring sidewalk ramps are compliant with the Americans with Disabilities Act (ADA).
<p>S Barnes St. E Ash St to Kipp Road</p>	Work will include street reconstruction, concrete work, and ensuring sidewalk ramps are compliant with the Americans with Disabilities Act (ADA).

A public meeting regarding the work planned on these streets is scheduled for at 6:00 pm on February 16 in the Sycamore room of City Hall. You will have the opportunity to speak with staff regarding the construction and the Special Assessment District process. Please plan to attend or reach out to staff at 517.676.9155 to discuss any specific concerns you have about the street or sidewalks that you would like to request be addressed.

Additional notices will follow regarding when specific construction will start.

What to Expect During Construction

	Work Hours: Work will take place from 7:00am to 7:00pm Monday – Saturday. Please note that work may extend past 7:00pm in special circumstances. Work will not take place on Holidays.
	Noise: You may experience intermittent noise and vibration during construction. We will do our best to keep the inconvenience of construction including noise and dust to a minimum.
	Road and Sidewalk: To complete the work in a safe manner, there will be road and sidewalk within the construction work area. Access for emergency vehicles will be maintained at all times. Residents that require accommodation must contact the Project Manager to arrange for access during the construction period (contact information is found below under resources).
	Property Access: Access on your property by the contractor is not anticipated to be needed. If access is required in special circumstances, you will be contacted directly by the contractor to arrange for that access. At times, the City may be working within the right of way.
	Mobility Access: If you or any household member has mobility provisions that need to be taken into consideration, please let us know in advance so we can make accommodations to minimize the impact.
	Water Service: There may be a water main shut-off for a portion of this work. Most disruptions take no more than 6 to 8 hours. A notice will be distributed 24-hours prior to the water shut-off.
	Private Sprinkler Systems: Owners with sprinkler systems located within the right of way must have the sprinkler heads and lines marked by the homeowner, prior to the start of construction. Sprinkler systems that are not marked at the time of construction and are damaged during construction will not be repaired by the contractor. The repair or replacement of damaged unmarked sprinkler systems will be the responsibility of the property owner.
	Private Water Service Lines: During the course of construction, the City will be confirming that lead is not present (SEE ATTACHED NOTICE). If lead is discovered, the City will also be replacing those water service lines as required by state law.

	Recycling and Waste Removal: Please follow your normal routine. If required, your recycling and waste bins will be moved to an appropriate location for pick-up and returned to your home following pick-up. <i>Please ensure that you label your bins with your address.</i>
	Street Parking: Parking in the active work zone is not permitted due to space requirement for construction equipment and materials. Please be sure to park your vehicle off the road and away from the work area. Please be neighborly and allow others to share your driveway if needed.
	School Bus Pick-up/Drop-off/Routes: The City will be working with the Mason Public Schools to ensure changes to routes and pick-up/drop-off locations are communicated.
	Restoration: The construction work area will be restored with topsoil and seed and/or asphalt where required. This may not occur until the following season depending on weather conditions.
Thank you!	Thank you for your patience and understanding! Building and maintaining a great city takes time. Better infrastructure for all of us is worth the inconvenience.
