

MINNESOTA ASSOCIATION OF TOWNSHIPS SCHOLARSHIP PROGRAM

The Minnesota Association of Townships (MAT) is awarding \$2,000 scholarships to up to five juniors currently attending a Minnesota public, private, or parochial high school, or a home study program, that plan to further their education at a college, university, or vocational school.

Applicants must complete an application form and submit it along with a written essay using critical thinking discussing this year’s topic on Promoting Township Government. The question is: Representation of people and ideas is the hallmark of government in the United State. No level of government is as close to its constituents as the township. Today’s townships face several challenges, including decreasing populations, annexation pressures from cities, declining interest in public service, growing demands from constituents, and a distrust of government. **Considering these challenges, what do you see as the future role of townships in local government?**

Essays must be between 450 and 500 words, typed and double spaced.

- Applicants should not name themselves, their school, their town or city, or their local officials in or on the essay.
- Each essay will be judged by an independent panel based upon originality, knowledge of subject matter in relationship conference theme, and supporting statements, as well as correct spelling and punctuation.
- Applicants must be a high school junior to apply.
